

**pdq** Canada

*PDQ is owned and operated by the Alberta Wheat Commission and is provided as a service to all market participants. PDQ has been made possible through the AgriRisk Initiatives program under Growing Forward 2, a federal-provincial-territorial initiative, and is supported by FARMco.*

## Timely, Accurate, Transparent Cash Grain Price Information

PDQ aims to be a complete and unbiased resource for cash grain markets and important crop data that will improve farmers' ability to make well-informed marketing and planning decisions.

### PDQ provides:

- ✓ Daily spot and forward bid prices for Canada Western Red Spring (CWRS), Canada Prairie Spring Red (CPSR), Canada Western Amber Durum (CWAD), yellow peas and canola.
- ✓ Daily average regional prices across nine zones covering Western Canada.
- ✓ Futures market closing prices, average wheat grade and protein spreads, local weather, and foreign ex-change rates.
- ✓ NEW - regional prices linked to the futures to show basis in your area.
- ✓ PDQ follows daily price changes for spot and deferred prices.
- ✓ The PDQ deferred pricing widget gives insight up to 12 months out.
- ✓ PDQ easily converts prices from tonnes to bushels.
- ✓ NEW - Customizable dashboard for each individual user.
